

Maryland Chapter ACI Announces the February Breakfast Meeting

Program: Adhesive Anchor Installer Certification Program

Our speaker will discuss the following:

- ACI 318 Appendix D / IBC 2009 discussion
• Cracked Concrete anchoring systems including Overhead Tension Zone ICC-ES / seismic approved anchors.
• For any P.E. in attendance : How to receive PDHs for you and your office P.E.s
• Why Adhesive certification (history, % codes+vs. Acceptance criteria)
• ICC Evaluation Service reports (ESR)
• IBC (International Building Code) 2012 implications (ACI 318.11)
• What the class will train the installer
o Proper Procedure for common adhesive applications
o Proper materials for preparing holes drilled in concrete
• Enforcement

PDH credit available
